Have you used our services? Do you work at an organization that serves low-income residents? Are you concerned about poverty in our community?

Your input and opinion are needed and appreciated. Make sure your voice is heard as we identify priorities to invest in over the next two years!

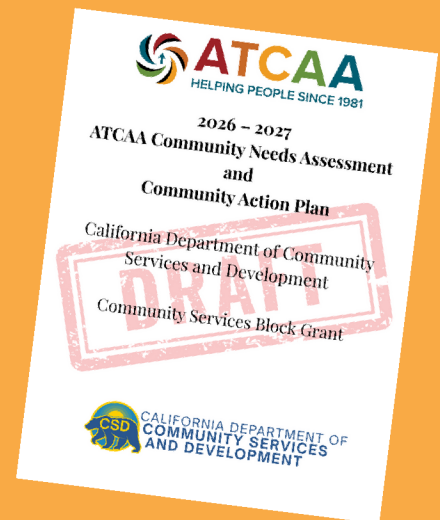

Review the draft 26-27 CSBG Community Action Plan that includes our most recent Community Needs Assessment. Submit your comments up through June 11th and/or attend our public hearing.
